Chairman's Trophy

The Chairman's Trophy is based on all the smaller events not included in the main sponsored series above. It is scored on a positive points system with one point for every boat beaten plus bonus points for the top 5 positions. There is no limit on the number of events to count.

1990 Patrick and Virginia Bird

1991 Chris Bellingham and Bryan Mobbs

1992 David Acres and Lee Hammond

1993 Mark Hiley and Doug Frost
1994 Chris Bellingham and various crews
1995 Chris Bellingham and various crews
1996 Alan Higgs and Charles Clapham

N.B. While the series results are based on the helm's results, the Laser II is a 2 person boat in which the helm and crew sail as an equal partnership. It is however a fact of life that teams change during the course of a series and this is the easiest way to keep track. Beware though that some crews are more equal than others (George Orwell)!
